C.S.

Letter No. 734/48 dated 11.5.1948 from the Commr of Refugees, Bangalore, forwarding the Resolution passed on 25-4-1948 by the Mysore State Refugee Relief Committee, and stating that the opinion of the Committee is that available wet lands may be granted to the refugees and adding further that wherever lands are lying without cultivation they may be ~~purchased~~ banjet are used given to the real Agriculturist refugees - the cost thereof being recovered from the parties in course of time or from the Govt of India.

Orders for perusal and orders.

The previous papers are not traceable inspite of best efforts made.

The State Refugee Committee is of opinion that available wet lands may be granted to the refugees. It is further suggested that the lands lying uncultivated may be banjet over and sold to real agriculturist refugees, the cost thereof being recovered from them in course of time or

or from the Govt of India.

In this Connection Govt of India in their Telegram dated 9.7.48 have stated that they are considering the question of settling Agricultural Refugees and incidentally have called for Particulars on the following points:

(1) availability of cultivable land
(2) do — waste and fallow which can be brought under cultivation either as a short term or long term Policy
(3) facilities available for building houses
(4) Irrigation facilities available.

and a reference was made to the Rev: Comnr on 10.7.48 to furnish the Particulars asked for. This file has already been submitted.

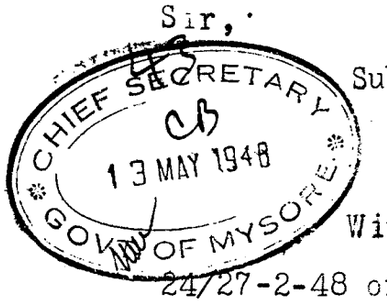
Sir,



Subject:-- Allotment of the unoccupied agricultural lands to Refugees".

With reference to your letter No. 6316/C.B. dated 24/27-2-48 on the above subject, I have the honour to forward herewith a copy of resolution passed by the Mysore State Refugee Relief Committee at their meeting held on 25-4-48 and to state that the Committee is of opinion that the available wet lands may be granted to the refugees.

In this connection I am to state that only about half a dozen agriculturist families have arrived in the State. A detailed report on the above subject has already been furnished with this office letter No. 605 dated 8/10-5-48.

I may also suggest here that wherever lands are lying without cultivation they may best be bought over and given to the real agricultists refugees, the cost incurred being realised from the parties in course of time or the Government of India as per their circulars.

I have the honour to be,
Sir,

Letter No. D.Dis.Cl.111/48-49 dated 13-7-1948 from the Revenue Commissioner in Mysore, Bangalore, to the Chief Secretary to Government of Mysore, Bangalore.

-

With reference to your letter No. 122/C.B. dated 10-7-1948 forwarding a copy of the telegram received from the Ministry of States, Government of India, New Delhi, in the matter of providing facilities to the agricultural refugees in Mysore State and calling for certain particulars, etc., I have the honour to state as follows:-

As per statistics available in this office the marginally noted extents of land are available under current fallows, date reserve and Amrit Mahal Kavals in the State.

	Acres.
1) Assessed waste	6,90,000
2) Date Reserves (in all the 9 Districts)	2,52,000
In the Districts of Kolar, Tumkur and Chitaldrug where full prohibition has been introduced.	85,000
3) Amrit Mahal Kavals (surrendered to the Revenue Department).	85,000

The extent under assessed waste though large is spread over 17,308 villages and it may not be possible to get any large extent in a compact Block near any single village and it may therefore be taken that the assessed waste will not be available for disposal to the agricultural refugees. As regards the Amrit Mahal Kaval lands out of the surrendered extent of about 85,000 acres available for disposal, there is at present very little demand from ryots on account of the unfertility of the land and other causes. It may therefore be safe to consider only an extent of about 5,000 acres as suitable for being made available to the refugees. As regards the date reserves, the prohibition Scheme is under active operation only in 3 Districts and portions of these date groves in these Districts have to be made available to other areas for tapping purposes. As such only an extent of about 5,000 acres may be made available at present in the three Districts of Tumkur, Kolar and Chitaldrug for the refugees. Thus a total extent of 10,000 acres of dry land may be considered fit for occupation by the refugees. If 10 acres are granted to a family about 1,000 families can be settled as a short term policy.

As regards the irrigation facilities, most of the new Projects are yet under progress and the other available extents under developed Projects are comparatively small. However an aggregate extent of 2,000 acres of irrigable land may be made available under the marginally* noted Projects to the refugee settlers.

*(Vide over-leaf).

	Acres.
Irwin Canal Area	800
Bhadra Channel	100
Anjanapura	300
Sulekere	800
	2,000

Building materials like Bamboos and Jungle wood are available in large quantities in the -- Malnad portions of Mysore, Hassan, Shimoga and Chikmagalur Districts. Mud walls can be put up for huts and thatched roofing provided. But tiles, bricks, cement and iron materials are extremely difficult to obtain. Pucca huts can however be put up with the available materials. In cases of necessity further facilities may be provided by way of grant of ~~XXXXX~~ Takavi loans for agricultural implements and subsidies for wells as - - already reported by me. Larger extents of Amrit Mahal Kavals and Date Reserves may be made available if a Long Range Policy is decided upon.
